#1 CONSTITUTIONAL AMENDMENT ARTICLE I, SECTION 17

AMENDING ARTICLE I, SECTION 17 OF THE STATE CONSTITUTION

Proposing an amendment to the State Constitution identical to a proposed amendment to Section 17 of Article I of the State Constitution which was approved by a statewide vote in 1998. The Supreme Court of Florida struck the 1998 amendment in a ruling in which four of the seven justices found that the ballot summary was inaccurate. The proposed amendment expressly authorizes the death penalty for capital crimes and expressly authorizes retroactive changes in the method of execution. The amendment changes the prohibition against "cruel or unusual punishment," currently provided in Section 17 of Article I of the State Constitution, to a prohibition against "cruel and unusual punishment" to conform with the wording of the Eighth Amendment to the United States Constitution. The amendment prohibits reduction of a death sentence based on invalidity of an execution method and provides for continued force of the sentence. The amendment permits any execution method unless prohibited by the United States Constitution. The amendment requires construction of the prohibition against cruel or unusual punishment and the proposed prohibition against cruel and unusual punishment to conform to United States Supreme Court interpretation of the Eighth Amendment to the United States Constitution. The amendment would prevent state courts, including the Florida Supreme Court, from treating the state constitutional prohibition against cruel or unusual punishment as being more expansive than the federal constitutional prohibition against cruel and unusual punishment or United States Supreme Court interpretations thereof. The amendment effectively nullifies rights currently allowed under the state prohibition against cruel or unusual punishment which may afford greater protections for those subject to punishment for crimes than will be provided by the amendment. Under the amendment, the protections afforded those subject to punishment for crimes under the "cruel or unusual punishment" clause, as that clause currently appears in Section 17 of Article I of the State Constitution, will be the same as the minimum protections provided under the "cruel and unusual " punishments clause of the Eighth Amendment to the United States Constitution. The amendment provides for retroactive applicability.

Specifically, the proposal amends Section 17 of Article I of the State Constitution, to read as set forth below. The word ~~stricken~~ is a deletion; words underlined are additions;

Section 17. Excessive punishments.- -Excessive fines, cruel and ~~or~~ unusual punishment, attainder, forfeiture of estate, indefinite imprisonment, and unreasonable detention of witnesses are forbidden. The death penalty is an authorized punishment for capital crimes designated by the legislature. The prohibition against cruel or unusual punishment, and the prohibition against cruel and unusual punishment, shall be construed in conformity with decisions of the United States Supreme Court

which interpret the prohibition against cruel and unusual punishment provided in the Eighth Amendment to the United States Constitution. Any method of execution shall be allowed, unless prohibited by the United States Constitution. Methods of execution may be designated by the legislature, and a change in any method of execution may be applied retroactively. A sentence of death shall not be reduced on the basis that a method of execution is invalid. In any case in which an execution method is declared invalid, the death sentence shall remain in force until the sentence can be lawfully executed by any valid method. This section shall apply retroactively.

PROTECT PEOPLE FROM THE HEALTH HAZARDS OF SECOND-HAND TOBACCO SMOKE BY PROHIBITING WORKPLACE SMOKING

To protect people from the health hazards of second-hand tobacco smoke, this amendment prohibits tobacco smoking in enclosed indoor workplaces. Allows exceptions for private residences except when they are being used to provide commercial child care, adult care or health care. Also allows exceptions for retail tobacco shops, designated smoking guest rooms at hotels and other public lodging establishments, and stand-alone bars. Provides definitions, and requires the legislature to promptly implement this amendment.

#4 CONSTITUTIONAL AMENDMENT ARTICLE X, SECTION 19

AUTHORIZES MIAMI-DADE AND BROWARD COUNTY VOTERS TO APPROVE SLOT MACHINES IN PARI-MUTUEL FACILITIES

Authorizes Miami-Dade and Broward Counties to hold referenda on whether to authorize slot machines in existing, licensed pari-mutuel facilities (thoroughbred and harness racing, greyhound racing, and jai alai) that have conducted live racing or games in that county during each of the last two calendar years before effective date of this amendment. The Legislature may tax slot machine revenues, and any such taxes must supplement public education funding statewide. Requires implementing legislation.

This amendment alone has no fiscal impact on government. If slot machines are authorized in Miami-Dade or Broward counties, governmental costs associated with additional gambling will increase by an unknown amount and local sales tax-related revenues will be reduced by \$5 million to \$8 million annually. If the Legislature also chooses to tax slot machine revenues, state tax revenues from Miami-Dade and Broward counties combined would range from \$200 million to \$500 million annually.

FLORIDA MINIMUM WAGE AMENDMENT

This amendment creates a Florida minimum wage covering all employees in the state covered by the federal minimum wage. The state minimum wage will start at \$6.15 per hour six months after enactment, and thereafter be indexed to inflation each year. It provides for enforcement, including double damages for unpaid wages, attorney's fees, and fines by the state. It forbids retaliation against employees for exercising this right.

The impact of this amendment on costs and revenues of state and local governments is expected to be minimal.

REPEAL OF HIGH SPEED RAIL AMENDMENT

This amendment repeals an amendment in the Florida Constitution that requires the Legislature, the Cabinet and the Governor to proceed with the development and operation of a high speed ground transportation system by the state and/or by a private entity.

The probable financial impact of passage of this amendment is a state cost savings ranging from \$20 billion to \$25 billion over the next 30 years. This estimate assumes the repeal of associated laws, the use of state bonds to finance construction, and could be reduced by federal or private sector funding.

#7 CONSTITUTIONAL AMENDMENT ARTICLE X, SECTION 22

PATIENTS' RIGHT TO KNOW ABOUT ADVERSE MEDICAL INCIDENTS

Current Florida law restricts information available to patients related to investigations of adverse medical incidents, such as medical malpractice. This amendment would give patients the right to review, upon request, records of health care facilities' or providers' adverse medical incidents, including those which could cause injury or death. Provides that patients' identities should not be disclosed.

The direct financial impact this amendment will have on state and local government revenues and expenditures cannot be determined, but is expected to be minimal. State agencies will incur some additional costs to comply with public records requirements of the amendment, but these costs will be generally offset by fees charged to the persons requesting the information.

PUBLIC PROTECTION FROM REPEATED MEDICAL MALPRACTICE

Current law allows medical doctors who have committed repeated malpractice to be licensed to practice medicine in Florida. This amendment prohibits medical doctors who have been found to have committed three or more incidents of medical malpractice from being licensed to practice medicine in Florida. The direct financial impact on state and local governments resulting from the proposed initiative would be minimal. There will likely be additional costs to the state of less than \$1 million per year, but these costs will be offset by licensure fees.

PROTECT PEOPLE, ESPECIALLY YOUTH, FROM ADDICTION, DISEASE, AND OTHER HEALTH HAZARDS OF USING TOBACCO

To protect people, especially youth, from addiction, disease, and other health hazards of using tobacco, the Legislature shall use some Tobacco Settlement money annually for a comprehensive statewide tobacco education and prevention program using Centers for Disease Control best practices. Specifies some program components, emphasizing youth, requiring one-third of total annual funding for advertising. Annual funding is 15% of 2005 Tobacco Settlement payments to Florida, adjusted annually for inflation. Provides definitions. Effective immediately.

This amendment requires state government to appropriate approximately \$57 million in 2007 for the Comprehensive Statewide Tobacco Education and Prevention Program. Thereafter, this amount will increase annually with inflation. This spending is expected to reduce tobacco consumption. As a result, some long-term savings to state and local government health and insurance programs are probable, but indeterminate. Also, minor revenue loss to state government is probable, but indeterminate.

#8 CONSTITUTIONAL AMENDMENT ARTICLE IX, SECTION 1 ARTICLE XII, SECTION 31

Revision of the class size requirements for public schools

The Florida Constitution currently limits the maximum number of students assigned to each teacher in public school classrooms in the following grade groupings: for prekindergarten through grade 3, 18 students; for grades 4 through 8, 22 students; and for grades 9 through 12, 25 students. Under this amendment, the current limits on the maximum number of students assigned to each teacher in public school classrooms would become limits on the average number of student assigned per class to each teacher, by specified grade grouping, in each public school. This amendment also adopts new limits on the maximum number of students assigned to each teacher in an individual classroom as follows: for prekindergarten through grade 3, 21 students; for grades 4 through 8, 27 students; and for grades 9 through 12, 30 students. This amendment specifies that class size limits do not apply to virtual classes, requires the Legislature to provide sufficient funds to maintain the average number of students required by this amendment, and schedules these revisions to take effect upon approval by the electors of this state and to operate retroactively to the beginning of the 2010-2011 school year.

VOTER INFORMATION

REGISTRATION REQUIREMENTS

- YOU MUST BE A PERMANENT RESIDENT OF ST. LUCIE COUNTY.
- YOU MUST BE A CITIZEN.
- YOU MUST BE 16 YEARS OLD TO PRE-REGISTER AND 18 YEARS OLD BY ELECTION DAY TO VOTE.
- REGISTER WITH THE SUPERVISOR OF ELECTIONS OR ANY AGENCY.

ABSENTEE VOTING

Absentee Ballots are available to all qualified voters under Florida Law. The convenience of voting from home has never been easier. All qualified voters are eligible to receive an absentee ballot. A new law has made it possible for the voter to request an absentee ballot for all elections through the year 2010. Ballots are mailed approximately 30 days prior to each election. Ballots must be returned to the Supervisor of Elections office (mail or hand deliver) no later than 7:00 pm on Election Day. A voter, or if directly instructed by the voter a member of the voter's immediate family, or the voter's legal guardian may request an absentee ballot from the elections office, by mail, by telephone, by fax or email and must be made no later than 5:00 pm on the sixth (6) day before the election.
