Testing of the Voting Equipment for the November General Election

St. Lucie County, FL – The St. Lucie County Supervisor of Elections office will test the voting and tabulation equipment to be used in the upcoming General Election. **The Logic and Accuracy Test is open to the public and will begin at 7 a.m. on Tuesday, October 18th at the Supervisor of Elections office located at 4132 Okeechobee Road, Fort Pierce, Florida 34947.**

The testing of the voting and tabulation equipment involves running pre-marked ballots through the tabulation equipment and then comparing the results with the number of pre-determined valid votes for each race. At the conclusion of the test, all voting equipment is sealed and secured in preparation for delivery to early voting sites and Election Day polling places.

“All Canvassing Board meetings are open to the public and I would like to remind our members of the voting public that they are always welcome to attend these very informative meetings,” said Supervisor of Elections Gertrude Walker.

For additional information, please contact the Supervisor of Elections office at 772-462-1500.
